

## **CAD IT PRODUCTS ARE NOW IN USE ON DEPARTMENTAL PLATFORMS AS WELL AS MAINFRAMES**

***CAD IT products are multi-platform, multi-lingual and multi-browser on the basis of the optimal flexibility and integrability of their logic***

CAD IT, leader in the Italian financial software market and quoted in the STAR segment of Borsa Italiana, hereby announces that, using the most highly developed information technologies available on the market today, its own software applications can be applied in a multi-platform logic in Service Oriented architecture.

The project approach targets the systems adopted by users in the Finance, banking and insurance, Central and Local Public Administration and industry sectors both in terms of Mainframe and departmental servers.

In strong partnership with the major players in hardware and software technology, CAD IT confidently demands excellence in the know-how and use of architecture, systems, languages and best practices.

The targeted environments where the applications are certified include:

- Mainframe: IBM MVS/ESA/ZOS
- Unix: IBM AIX, SUN SOLARIS, HP HP-UX
- Linux
- MS Windows

CAD IT operates on all the most commonly used databases on the market:

- IBM DB2
- Oracle
- MS SQL Server

Some CAD IT applications, such as "Financial Area" and "Easy Match", have recently been purchased by important clients for SUN infrastructure configuration with Oracle databases.

These applications are part of the CAD IT range of multi-lingual products that can be used through the Internet using the most well-known browsers.

## THE CAD IT GROUP

*CAD IT is at the head of a group that represents one of the most dynamic organisations in the Italian Information Technology sector.*

*The group aims its operations at the banking-insurance sector, the business world and public administration, and has been offering software solutions, maintenance, customizing, integration and other correlated services, from application management to outsourcing and consulting to training for over 30 years.*

*The CAD IT Group, with head offices in Verona, operates in Italy through its own branches and associated companies in Milan, Rome, Prato, Bologna, Padua, Mantua and Trento.*

*CAD IT is leader in the Italian software market for the banking sector with its main product, Financial Area, a programme which completely manages all functions connected to the negotiation, settlement and administration of security transactions, debentures, derivatives (in any currency) and adopted by the majority of Italian banking outlets.*

*In addition, the Group boasts a long-standing activity in the industrial sector and the capacity to offer solutions for e-business, credit and industrial companies in constant evolution.*

*Solutions for Public Administration is the most recent sector but one which capitalises the Group's traditional skills, such as its twenty-year experience in the development of systems for the computerisation of public bodies.*
